GENAI FINOPS ASSISTANT

Ask your cloud bill anything

Ask cost questions in plain language and get answers, tables and charts in seconds, from total cloud spend to the most expensive service.

The UnityOne AI assistant answering AWS cost questions, from the monthly total to a service-wise breakdown.

100%
Unified cost visibility

25–35%
Lower cloud costs

2–3x
Faster financial and engineering decisions

The problem it solves

- Cost answers locked in specialist dashboards
- Finance waiting days for engineering to pull data
- Executives with no quick way to ask

© Copyright 2026 By UnityOne AI

WHAT YOU CAN DO

Key capabilities

Plain-language questions
"What is the cost of this month for AWS?"

Tables and charts
Service-wise costs, with a pie chart, in the conversation.

Drill down
From total cost to service level in one follow-up.

Private and governed
Answers from your own cost data.

Questions you can ask

- What is the cost of this month for AWS Cloud?
- Show me the service-wise cost for the current month
- Which service is the highest cost-consumer?
- What was the total cost for the last month?

WHY IT MATTERS

Anyone can ask
No dashboards or queries needed.

Answers in seconds
Not days.

Shared understanding
Finance and engineering see the same numbers.
