GENAI FOR FINOPS

Ask your cloud bill anything

Give finance, engineering and management teams an AI assistant that turns hybrid cloud cost data into clear, actionable insight through conversation.

Azure cost this month, the most expensive Azure services, and service-wise cost with a chart.

4 clouds

Azure, OCI, AWS and GCP in one answer

Ask instead of navigating

The problem it solves

- Finance waiting days for engineering to pull cost data
- Cost spikes nobody can explain quickly
- A different billing console for every cloud

WHAT YOU CAN DO

Key capabilities

Cost by cloud, region and service
Breakdowns across AWS, Azure, GCP and OCI.

Rich graphs, charts and tables
Complex cost data made simple.

The 'why' behind changes
Uncover what drove a sudden or unexpected cost change.

For every audience
Finance, engineering and management ask in their own words.

Questions you can ask

- What is the current month's cost of Azure Cloud?
- Which services are costing the most among the Azure public cloud?
- Give me service-wise cost for Azure
- AWS spend breakdown?

WHO IT HELPS

Finance teams
Cost answers without engineering help.

Engineering
Know what a service costs.

Executives
Ask, then decide.
