INDUSTRY USE CASE · GOVERNMENT & PUBLIC SECTOR

Modernize with control, sovereignty and accountability

Public sector teams must deliver digital services securely, keep data where it belongs and show who changed what. UnityOne HCMP can run on-premises and keeps every action governed.

Private cloud summaries with utilization.

The challenge

- Legacy and modern platforms side by side
- Data residency and geographic rules
- Strict access control and audit needs
- Tight budgets and limited specialist staff

How UnityOne HCMP helps

- On-premises or SaaS deployment, with multi-tenancy
- Geographic deployment and security compliance policies
- RBAC, approvals and a full audit trail
- GenAI assistant so more staff can operate safely
